Stanley Glacier (Antarctica)

Stanley Glacier is an Antarctic glacier about long between Mount Nathan and Mount Bruce in the east foothills of the Commonwealth Range of Victoria Land, Antarctica. It flows northwest between the dissected lands of Jutta Glacier and Chidda Dagh Glacier, and was named by the Advisory Committee on Antarctic Names for Robert F. Stanley, Jr., a meteorologist in the summer of 1966 at McMurdo Station and 1967–68 at South Pole Station. See also List of glaciers in the Antarctic

What's new:

: Onechanbara fansite - Every day there is a new exhibition of the map for the game Onechanbara, with the picture of the attack of the eponymous beings and information about the introduced elements into the picture. MAP OF THE ATTACK OF THE ONECHANBARA - The Onechanbara Earth Defense Force: Iron Rain 1. Bombing of a train in the territory of the Onechanbara The attack begins at 1 (specific time is unknown) with a personal transport aircraft (FA-28N), which is in the territory of the Onechanbara. The aircraft drops a large number of bombs. 2. Battle between the Onechanbara and the cybernetically modified dog. As a result of the battle, the human-like weapons of the Onechanbara are absorbed by a

cyberdog. 3. Attack helicopter. The show helicopter of the Onechanbara enters the territory of the train, situated in the middle of the jungle. A rocket is fired from an empty canister to one of the filters of the chimera. The rocket causes a fire explosion and destroys the chimera. 4. Attack of kamikaze birds. At the same time, the birdkamikaze flocks attack the train. They constantly circle over the top of the train and attack it with rocks, whirling blades and other objects. 5. Attack of two planes in the territory of the Onechanbara The Onechanbara present two aircraft with no markings in the territory of the train. One of these aircraft drops a large number of bombs, the other shoots a large number of fireballs. 6. The final battle of the virtual and the human A large frontal attack of Onechanbara in a hitech Interceptor with Covert WEAPON. The fighter finally crashes into the territory of the Onechanbara. Onechanbara launches a large group of missiles, rockets, WWs, which fall in a large number of explosions on the sides of the train. A huge explosion takes place at the center of the train. 7. On the rail that was destroyed by the train The Forest of the Onechanbara. The destruction area was created where the area on the territory of the Onechanbara occurred. Dozens of Iron Rain missiles fall on the train. The train explodes. The band of flame which starts from the pyrotechnic explosion goes over to the side
